My Profile

Personal Information:

My name is Samuel Woldeselasia and I'm from Eritrea, born in Sudan and arrived in Australia in 2003 with my family and I speak, read and write four languages (Tigrinya, Amharic, Arabic and English). My hobbies are playing soccer and video games mostly console game (ps4) not a big a fun of Xbox.

Interest in IT:

I become interested in Computers when I was 11yrs old in Sudan, the first time I saw what a computer can do was when my cousin was typing commands to his computer terminal and it was beautiful then I came to Australia in 2003 and explored computers but I couldn't finish studies due to personal problems but now I decided to pursue further studies in IT at RMIT, because they have good IT and Computer science program and the RMIT city campus is closer to my resident.

Ideal Job:

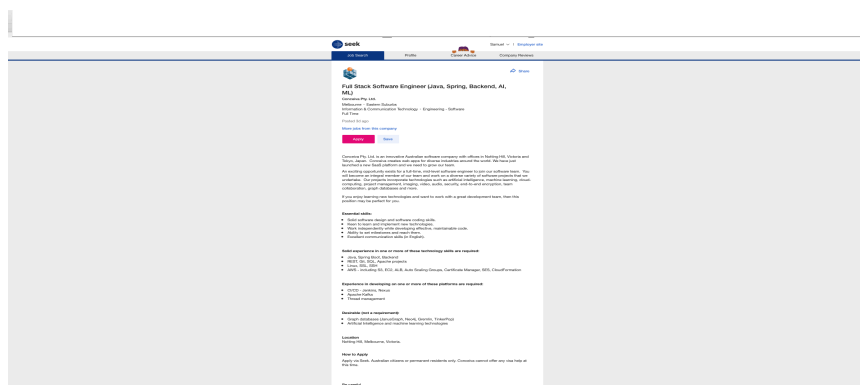

My Ideal job is developing software for computer system and phone application also I would love to work in game development. My ideal job is advertised in seek.com

Job Description: Full Stack Software Developer (Java, Backend, AI, ML)
